A Reliance Capital Company

Reliance Total Investment Series I Term 10 Plan - Insurance

The journey of life, even though it may seem simple, comes with its own twist and turns, some good, some unfortunate. And along with these moments come new dreams. With every little twist, our dreams change and so do our ambitions. And most of all we desire a security that will help us follow our dreams, both financial and emotional. It is this security that Reliance Life Insurance Company Limited promises to bring to you with its Reliance Total Investment Series I Term 10 Plan - Insurance.

"THIS PRODUCT HAS BEEN WITHDRAWN. IF YOU ARE AN EXISTING CUSTOMER YOU WOULD CONTINUE TO ENJOY YOUR AVAILABLE PRIVILEGES IN THE PRODUCT." DATE OF WITHDRAWAL 31/08/19

UNDER THIS PLAN THE INVESTMENT RISK IN THE INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER.

We value your dreams in this journey of life. Reliance Total Investment Series I Term 10 Plan - Insurance helps you bring them to reality. Your need for investment, protection and financial liquidity keeps changing at different stages of life. The birth of a child will require you to increase your insurance cover; a marriage in the family will require additional money. We provide you that kind of flexibility which suits you best at your convenience. Similarly on a promotion you may want to increase your investments, to create a large kitty for future expenses. As you progress on this ladder of life we provide you the platform to increase your investment component. Usually you would require multiple financial products to meet all your needs and would have to actively manage them. However with the Reliance Total Investment Series I Term 10 Plan - Insurance, Unit Linked Investment + Insurance Plan you can meet all your financial needs, without the complexity of managing multiple products.

This is a Single premium unit linked savings life insurance plan with options to purchase the same plan with reduced allocation charges in subsequent policy years. Since more premium is allocated towards investment due to lower allocation charges on subsequent purchases, greater would be the returns. Purchasing the same plan in the subsequent years is an option.

- 1st purchase would be called as "Classic"
- 2nd purchase would be called as "Silver"
- 3rd purchase would be called as "Gold"
- 4th purchase would be called as "Diamond"
- 5th purchase would be called as "Platinum"

Once you purchase the first policy there will be full flexibility, as to when second and subsequent purchase can be made and how much premium should be paid for each purchase subject to the following:

1. The minimum premium on each purchase should be at least Rs. 40000.
2. The maturity date on each purchase can not exceed 70 years.
3. All the policies should mature on maturity date of the first purchase.
4. The term of the policies purchased during second, third, fourth and fifth policy years will be 9, 8, 7 and 6 respectively.
5. New policy can be purchased only if all the previous policies are in force on the date of purchase of new policy.

Plan Objective:

The pace setter plan with protection to life which gives

- Tax benefit under Sec. 80C and Sec. 10(10D)* of Income Tax Act 1961
- Investment opportunity with flexibility
- Life Protection
- Control over your investments

*Sec. 10(10D) would be applicable if Sum Assured is five times of single premium.

How does this plan work?

As a customer you will have the liberty

- To choose Sum Assured multiple (equal to or in between 1.25 to 5). This will decide your sum assured:

Sum Assured = Sum Assured Multiple*
Single Premium

- To choose fund mix out of eight fund options

The premium you pay would be invested, net of Premium Allocation Charges, in fund or mix of available funds of your choice and units are allocated depending on the price of units for the fund/funds.

Allocation charges would vary as stipulated in the table below:

Policy Purchased	Classic	Silver	Gold	Diamond	Platinum
Allocation Charge as percentage of Single Premium	5%	4%	3%	2%	1%

Benefits

The benefits under this plan are mentioned below:

Maturity Benefit:

On survival of the life assured to maturity, the Fund Value relating to the basic policy and top up premiums will be paid. The policy terminates on payment of maturity benefit.

Life Cover Benefit:

In the event of death of the life assured before the 60th birthday,

The higher of Sum Assured less all partial withdrawals made from the basic policy fund during the 24 months prior to the date of death and the Fund Value relating to the basic policy as on the date of intimation of death will be paid.

In the event of the death of the Life Assured on or after 60th birthday.

The higher of Sum Assured less all partial withdrawals made from the basic policy fund during the 24 months before attaining 60th birthday and all withdrawals made from the basic policy fund after attaining 60th birthday and the Fund Value relating to the basic policy as on the date of intimation of death will be paid.

The Fund Value relating to top-ups will also be paid in each of the above cases.

The policy terminates on payment of the death benefit.

Full surrender or partial withdrawal from main plan:

Full surrender or partial withdrawal value under the policy is acquired immediately on payment of the single premium. However, it is payable only after completion of three policy anniversaries.

Whenever full surrender value of the basic plan is paid, the surrender value of any attaching top ups will also be paid even if period of three years is not elapsed from the date of payment of top up.

The full surrender value or the partial withdrawal value under the basic plan is equal to the fund value. There is no surrender or partial withdrawal charge.

Partial withdrawal from the top up:

The partial withdrawal value is acquired immediately on the payment of top up. However, it is payable only after the completion of three years from the date of payment of top up. This restriction of three year lock in period is not applicable in respect of top ups paid during the last three years of the policy. There is no surrender or partial withdrawal charges on Top up.

Investment Options

We understand the value of your hard earned money and in our endeavour to help you grow your wealth, we offer you nine fund options namely New Equity Fund, New Corporate Bond Fund, New Gilt Fund, New Money Market Fund, New Infrastructure Fund, New Energy Fund, New Midcap fund, New Pure Equity Fund and New Fund C. On commencement of the policy, the premiums will be invested in any or mix of all the funds except New Fund C. New Fund C is available only during the settlement period.

The fund options available under the Plan, investment objective, risk profile and asset allocation for various funds are detailed in the table below:

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
New Equity Fund	Provide high real rate of return in the long term through high exposure to equity investments, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is 'high'.	Corporate bonds and other debt instruments/ Bank deposits/ Money market instruments.	0-100	0
		Equities	0-100	100
New Corporate Bond Fund	Provide returns that exceed the inflation rate, while taking some credit risk (through investments in corporate debt instruments) and maintaining a moderate probability of negative return in the short term. The risk appetite is 'low to moderate'.	Money market instruments incl. liquid mutual funds and bank deposits	0-100	0
		Corporate bonds/ debentures and other debt instruments	0-100	100
New Money Market Fund	Maintain the capital value of all contributions (net of charges) and all interest additions, at all times. The risk appetite is 'low'.	Money market instruments incl. liquid mutual funds and bank deposits	100	100
New Gilt Fund	Provide returns that exceed the inflation rate, without taking any credit risk (sovereign risk only) and maintaining a low probability of negative return in the short term. The risk appetite is 'low to moderate'.	Central Government securities (Gilts)	0-100	80
		Other government securities including securities with unconditional Central Government guarantee	0-40	20
		Money market instruments incl. liquid mutual funds and bank deposits	0 - 100	0

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
New Infrastructure Fund	Provide high rate of return in the long term through high exposure to equity investments in Infrastructure and allied sectors, while recognizing that there is a significant probability of negative returns in the short term. The risk appetite is high.	Corporate bonds and other debt related instruments/ Banks deposits/ Money market Instruments	0-100	0
		Equities in Infrastructure & allied sector	0-100	100
New Energy Fund	Provide high rate of return in the long term through high exposure to equity investments in Energy and allied sectors, while recognizing that there is a significant probability of negative returns in the short term. The risk appetite is high.	Corporate bonds and other debt related instruments/ Banks deposits/ Money market Instruments	0-100	0
		Equities in Energy and allied sector	0-100	100
New Midcap Fund	Provide high rate of return in the long term through high exposure to equity investments in Midcap companies, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is high.	Corporate bonds and other debt related instruments/ Banks deposits/ Money market Instruments	0-100	0
		Equities predominantly in mid cap companies	0-100	100
New Pure Equity Fund	Provide high real rate of return in the long term through high exposure to equity investments, while recognizing that there is significant probability of negative returns in the short term. The risk appetite is high.	Equities in sectors other than banks and non-banking financial companies, breweries, distilleries, alcohol based chemicals, cigarettes, tobacco, entertainment, leather, sugar and hatcheries.	60-100	0
		Corporate bonds and other debt instruments/ Bank deposits/ Money	0-40	0

Fund Name	Investment Objectives	Asset Category	Asset Allocation Range (%)	Target (%)
New Fund C	The investment objective of the fund is to provide investment returns that exceed the rate of inflation in the long term while maintaining low probability of negative returns in the short term. The risk appetite is defined as 'low to moderate'.	Money market instruments incl. liquid mutual funds and bank deposits	0-100	0
		Debt Securities	0-100	80
		Equities	0-20	20

Whilst every attempt would be made to attain target levels prescribed above, it may not be possible to maintain the prescribed 'target' at all times owing to market volatility, availability of market volumes and other related factors. The 'target' may be attained on a 'best effort' basis. However, the asset allocation will always fall within the asset allocation range mentioned in respect of each fund.

Allocations and Redemptions

Premium allocations:

The company applies premiums to allocate units in one or more of the unit linked funds in the proportions which the policyholder specifies. The allotment of units to the policyholders will be done only after the receipt of premium proceeds as stated below

In case of new business, units shall be allocated on the day proposal is completed and results into a policy by adjustment of application money towards premium.

Value of Units: The unit price of each Fund will be the unit value calculated on daily basis.

Total Market Value of assets plus/less expenses incurred in the purchase/sale of assets plus Current Assets plus any accrued income net of fund management charges less Current Liabilities less Provision

Unit Value = $\frac{\text{Total Market Value of assets plus/less expenses incurred in the purchase/sale of assets plus Current Assets plus any accrued income net of fund management charges less Current Liabilities less Provision}}{\text{Total Number of units on issue (before any new units are allocated/redeemed)}}$

Uniform cut- off timings for applicability of Net Asset Value

In respect of premiums received or funds switched up to 3.00 p.m. by the company along with a local cheque or a demand draft payable at par at the place where the premium is received, the closing unit price of the day on

which the premium is received or funds switched, shall be applicable.

In respect of premiums received after 3.00 p.m. by the company along with a local cheque or a demand draft payable at par at the place where the premium is received, the closing unit price of the next business day shall be applicable.

In respect of premiums received with outstation cheques or demand drafts at the place where the premium is received, the closing unit price of the day on which cheques / demand draft is realised shall be applicable.

Redemptions:

In respect of valid applications received (e.g. surrender, maturity claim, etc) up to 3.00 p.m. by the insurer, the same day's closing NAV shall be applicable.

In respect of valid applications received (e.g. surrender, maturity claim, etc) after 3.00 p.m. by the insurer, the closing NAV of the next business day shall be applicable.

The unit price for each segregated fund provided under this product shall be made available to the public in the print media on a daily basis. The unit price will also be displayed in the web portal of the company.

Fund Valuation:

The value of the fund at any time will be equal to the no of units allocated multiplied by the Net Asset Value (NAV) of each unit in the fund.

The computation of NAV will be based on whether the Company is purchasing (appropriation price) or selling (expropriation price) the assets in order to meet the day to day transactions of unit allocations and unit redemptions i.e. the Company shall be required to sell/purchase the assets if unit redemptions/allocations exceed unit allocations/redemptions at the valuation date.

The Appropriation price shall apply in a situation when the company is required to purchase the assets to allocate the units at the valuation date. This shall be the amount of money that the company should put into the fund in respect of each unit it allocates in order to preserve the interests of the existing policyholders.

The Expropriation price shall apply in a situation when the company is required to sell assets to redeem the units at the valuation date. This shall be the amount of money that the company should take out of the fund in respect of each unit it cancels in order to preserve the interests of the continuing policyholders.

Computation of Net Asset Value (NAV):

When Appropriation price is applied: The NAV for a

particular fund shall be computed as: Market value of investment held by the fund plus the expenses incurred in the purchase of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any new units are allocated), gives the unit price of the fund under consideration.

When Expropriation price is applied: The NAV for a particular fund shall be computed as: Market Value of investment held by the fund less the expenses incurred in the sale of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any units are redeemed), gives the unit price of the fund under consideration.

In case the valuation day falls on a holiday, then the exercise will be done the following working day.

We reserve the right to value less frequently than every day in extreme circumstances, where the value of the assets may be too uncertain. In such circumstances we may defer valuation of assets until normality returns. Examples of such circumstances are:

- a) When one or more stock exchanges which provide a basis for valuation for a substantial portion of the assets of the fund are closed otherwise than for ordinary holidays
- b) When, as a result of political, economic, monetary or any circumstances out of our control, the disposal of the assets of the unit fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining unit holders.
- c) During periods of extreme volatility of markets during which surrenders and switches would, in our opinion, be detrimental to the interests of the existing unit holders of the fund.
- d) In the case of natural calamities, strikes, war, civil unrest, riots and bandhs.
- e) In the event of any force majeure or disaster that affects our normal functioning.
- f) If so directed by the IRDA.

Options available under the plan

Option to Purchase additional policies

Policy holder can purchase the same plan for the next four subsequent years, with reducing allocation charges.

- 1st purchase would be called as "Classic"
- 2nd purchase would be called as "Silver"
- 3rd purchase would be called as "Gold"
- 4th purchase would be called as "Diamond"
- 5th purchase would be called as "Platinum"

The policy term will be fixed. The first policy purchased by the client will have policy term of 10 years. The policy term of subsequent policies will vary from 9 to 6 years as mentioned in the following table.

Policy Purchased	1	2	3	4	5
Policy term	10	9	8	7	6

After the policyholder purchases "Classic" policy, the policyholder has the option of buying "Silver" policy of policy term 9 years during the second policy year provided the "Classic" policy is in force at the time of purchase of "Silver" policy".

If the policyholder does not exercise the option to purchase "Silver" policy during the second policy year, the option can be exercised during third, fourth or fifth policy years provided the Classic policy is in force at the time of purchase of Silver policy. The policy term of "Silver" policy purchased during third, fourth and fifth policy year will be 8, 7 and 6 respectively.

After the policyholder purchases "Silver" policy, the policyholder has the option of buying "Gold" policy of policy term 8 years during the third policy year provided the "Classic" and "Silver" policies are in force at the time of purchase of "Gold" policy".

If the policyholder does not exercise the option to purchase "Gold" policy during the third policy year, the option can be exercised during fourth or fifth policy years provided the "Classic" and "Silver" policies are in force at the time of purchase of Gold policy. The policy term of "Gold" policy purchased during fourth and fifth policy year will be 7 and 6 respectively.

After the policyholder purchases "Gold" policy, the policyholder will have the option of buying "Diamond" policy of policy term 7 years during the fourth policy year provided the "Classic" , "Silver" and "Gold" policies are in force at the time of purchase of "Diamond" policy".

If the policyholder does not exercise the option to purchase "Diamond" policy during the fourth policy year, the option can be exercised during fifth policy years provided the "Classic", "Silver" and "Gold" policies are in force at the time of purchase of Diamond policy. The policy term of "Diamond" policy purchased during fifth policy year will be 6.

After the policyholder purchases "Diamond" policy, the policyholder will have the option of buying "Platinum" policy of policy term 6 years during the fifth policy year provided the "Classic", "Silver", "Gold" and "Diamond" policies are in force at the time of purchase of "Platinum" policy".

If the policyholder does not exercise the option to purchase "Platinum" policy during the fifth policy year, the option can not be exercised later on.

Switching

You have the flexibility to alter the allocation of your investments among the funds/plans offered in order to suit your changing investment needs by easily switching between the funds/plans. At any time during the policy term, you may instruct the Company, in writing, to switch some or all of the units from one unit linked fund to another. The company will give effect to this switch by cancelling units in the old fund and allocating units in the new fund. In respect of switching requisition received up to 3.00 p.m. by the company, the closing unit price of the day shall be applicable. In respect of switching requisition received after 3.00 p.m. by the company, the closing unit price of the next business day shall be applicable. You are entitled to fifty two free switches each policy year. Unused free switches cannot be carried forward to a following year.

Top-up premium

Whenever you have money to invest at any point in time, you can increase your investments by putting top up premiums because keeping money idle is not wise. Top ups are allowed under all the funds except New Fund C, which is available for settlement option only during the time of settlement period. Minimum top up premium allowed is Rs.2500 while total top up premium can not exceed 25% of the single premium paid at any point in time. Top ups are allowed on each purchase.

Money Back @ your wish

We understand your need for liquidity so we provide you the facility of partial withdrawals at no extra cost.

All partial withdrawals made shall be allowed from the top-up premium account as long as top-up premium account supports partial withdrawals (i.e the total top-up balance amount). Partial withdrawals with respect to basic plan shall only be counted for the purpose of adjusting the base sum assured to be payable on death as detailed below. The following table states more details on partial withdrawal and Surrenders.

Benefit	Description of benefit
<p>Partial withdrawal from the base plan before maturity of the policy.</p>	<p>Partial withdrawals are available only after a period of three years from the date of commencement of the policy.</p> <p>There is no charge on partial withdrawal.</p> <p>The minimum amount of partial withdrawal is Rs. 5000 and the maximum partial withdrawal amount should not exceed 20% of the fund value at the time of withdrawal.</p> <p>However, at any point of time during the policy term, the minimum fund balance after the partial withdrawal should be at least equal to 50% of the Single premium.</p> <p>On a partial withdrawal while the Life Assured's age is less than 60 years last birthday, the Sum Assured under the Base Plan will be reduced by the amount of partial withdrawals made in the preceding 24 months of the date of partial withdrawal.</p> <p>On a partial withdrawal while the Life Assured's age is equal to or greater than 60 years last birthday, the Sum Assured under the Base Plan will be reduced by the amount of partial withdrawals made in the 24 months preceding the 60th birthday of the policyholder and all partial withdrawals after the 60th birthday.</p>
<p>Partial withdrawal from the Top ups before maturity of the policy.</p>	<p>All partial withdrawals made shall be allowed from the top-up account as long as top-up account supports partial withdrawals (i.e the total top-up balance amount).</p> <p>There is no charge on partial withdrawal</p>
<p>Surrender Value under the base plan</p>	<p>Surrender Value will be acquired immediately on payment of the single premium. However, the surrender value will be payable after the completion of three policy anniversaries. Whenever full surrender value of base plan is paid, the surrender value of any attaching top ups will also be paid.</p> <p>There are no surrender charges.</p>
<p>Surrender Value or partial withdrawal value under top ups.</p>	<p>The surrender value or partial withdrawal value will be acquired immediately on payment of top up. However, it will be payable on completion of three years from the date of payment of Top Up (this condition will not apply if the top-up premiums are paid during the last three years of the contract). There is no surrender charge or partial withdrawal charge on the top ups. The surrender value</p>

Benefit	Description of benefit
	or partial withdrawal is therefore equal to the fund value under the top ups. In case of surrender of the base policy after 3 years the surrender value of top-ups is paid immediately.

If at any point of time the fund value is less than the mortality and policy administration charge for the next month, the policy will be foreclosed by paying the fund value.

Systematic Transfer Plan

Systematic Transfer Plan (STP) is available only for contributions to be invested in the New Equity fund.

This facility will allow policy holder to invest the portion of premium or top - ups meant for New Equity Fund initially into New Money Market fund and then systematically transfer (i.e automatically switch) every week (not less than 1/4 part of the amount initially invested) into New Equity fund option. On the date of realisation of the instalment premium cheque, units will be allocated in the New Money Market fund for the portion of premium meant for New Equity Fund. On each of the next four Systematic Transfer dates one-fourth of the STP units will be transferred to the New Equity fund automatically. The STP dates will be 7th, 14th, 21st & 28th of every month.

The STP option can be selected while paying the single premium or Top up premium. There are no charges for selection of STP option. Once it is selected STP option cannot be cancelled.

Settlement Options

You have the option to take the maturity proceeds in periodic installments within a maximum of 5 years from the date of maturity. You have to give a notice to the insurer at least 30 days before the maturity date. The periodic installment could be in any form including lump sum or infrequent withdrawals as requested by you.

During this period, there will be no life cover. There will not be any deductions towards mortality charges.

The policy will participate in the performance of units.

The Company will however continue to deduct administration charges by cancellation of units. The fund management charge will be priced in the unit value.

In the event of death during settlement period the fund value as on the date of intimation at the office will be paid to the nominee.

During the settlement period, the investments made in the unit funds are subject to investment risks associated with capital markets and the NAVs of the units may go up or down based on the performance of the fund and the factors influencing the capital market.

The investment risk during the settlement period will be borne by the policyholder.

If settlement option is selected, then on maturity of the policy, the total fund balance would be automatically moved into New Fund C, the only fund option available during the settlement period.

Exchange Option

This option is available for existing policyholder under "Reliance Total Investment Series I Term 10 Plan - Insurance" after completion of three policy years from the date of commencement. Under this option, the policy holder can transfer policy benefits (surrender, maturity etc.) either fully or partially to another plan wherein exchange option is available. This option must be exercised at least 30 days before the receipt of benefit under the policy. The terms and conditions as specified in the opted policy document would apply to the policy holder opting for the 'Exchange Option'. The new plan would be offered on the life of the policy holder and would be subject to terms and conditions of new contract.

If the policy holder is opting for transfers from other policies to "Reliance Total Investment Series I Term 10 Plan - Insurance" under exchange option, the allocation charge in the year of exchange will be reduced. The reduced allocation charges applicable in the year of exchange are stated under charges section below.

If policy holder is opting to transfer from other policies to "Reliance Total Investment Series I Term 10 Plan - Insurance" then:

- If he/she has not made classic purchase already under "Reliance Total Investment Series I Term 10 Plan - Insurance" then he/she would be eligible for Classic only.
- If he/she has already purchased Classic under "Reliance Total Investment Series I Term 10 Plan - Insurance" then he/she would be eligible for Silver and Classic as well.
- If he/she has already purchased Silver under "Reliance Total Investment Series I Term 10 Plan - Insurance" then he/she would be eligible for Gold, Silver and Classic as well.
- If he/she has already purchased Gold under "Reliance Total Investment Series I Term 10 Plan - Insurance" then he/she would be eligible for Diamond, Gold, Silver and Classic as well.

- If he/she has already purchased Diamond under "Reliance Total Investment Series I Term 10 Plan - Insurance" then he/she would be eligible for Platinum, Diamond, Gold, Silver and Classic as well.

This benefit of reduced allocation charges would only be available if and only if all previously purchased policies under "Reliance Total Investment Series I Term 10 Plan - Insurance" are in force. If any (or all) of the previously purchased policy (policies) is (are) surrendered then any fresh purchase would be treated as first purchase.

Policy Limits

Basic Plan	Minimum	Maximum	
Age at Entry (Last Birthday)	18 Years	Maximum entry age depends on the policy term	
		Policy Term	Maximum entry age
		10	60
		9	61
		8	62
		7	63
6	64		
Age at Maturity (Last Birthday)	28 Years	70 Years	
Single Premium	Rs. 40000	No Limit	
Sum Assured	1.25	Age at entry	Maximum Sum Assured as multiple of Single premium
		Up to 45	5
		46 to 53	3
		54 to 60	2
		61 to 64	1.25
Policy Term	Policy term is fixed depending upon the policy year of first purchase	Policy Year of first Purchase	Policy term
		1	10
		2	9
		3	8
		4	7
		5	6

Charges under the policy:

Premium Allocation Charges:

These are deducted from premiums as they are paid and are as follows:

Policy Purchased	Classic	Silver	Gold	Diamond	Platinum
Allocation Charge as percentage of Single premium	5%	4%	3%	2%	1%

Allocation charge for top up - 2%

Reduced Allocation Charge for Exchange Option

Policy Purchased	Classic	Silver	Gold	Diamond	Platinum
Reduced Allocation Charge as percentage of Single Premium	3%	2.5%	2%	1.5%	0.5%

Mortality Charge:

This charge will apply for all policies.

The insurance charges will vary depending on

- The amount of life insurance cover
- The attained age of life assured
- The occupation of the life assured
- The health of the life assured

The standard mortality charges per annum under this policy per Rs.1000/- sum assured are given in Annexure A.

Fund Management Charge:

The fund management charge is mentioned in the table below.

Fund Name	Fund Management Charge
New Money Market Fund	1.25% p.a.
New Gilt Fund	1.25% p.a.
New Corporate Bond Fund	1.25% p.a.
New Equity Fund	1.35% p.a.
New Pure Equity Fund	1.35% p.a.
New Infrastructure Fund	1.35% p.a.
New Energy Fund	1.35% p.a.
New Midcap Fund	1.35% p.a.
New Fund C	1.30% p.a.

Policy Administration Charge:

A monthly Policy administration charge of Rs.40 per policy will be deducted by cancelling units in advance at the beginning of the month.

Surrender charge and partial withdrawal charge:

There are no surrender or partial withdrawal charges.

Switching charges:

The policy allows 52 free switches during any policy year. There will be switching charge of Rs.100 per switch for subsequent switches

Miscellaneous charge (Charge for Systematic Transfer Plan (STP) Option):

STP options can be selected only at the time of payment of Single premium or Top up premium There are no charges for selection of STP option. Once it is selected, STP option cannot be cancelled.

Service Tax charge:

This charge will be levied on Fund Management Charge, Allocation charges, Mortality charges, Policy administration charge, Switching charge and Miscellaneous charges on STP option. The level of this charge will be as per the rate of Service Tax on risk premium, declared by the Government from time to time. The current rate of service tax on risk premium is 10.30% (Service tax of 10% along with education cess of 3%).

Recovery of charges:

Premium Allocation Charges:

The premium allocation charges are deducted as percentage of premium before allocation of units.

Mortality Charges:

The mortality charges will be deducted by cancellation of units at the prevailing unit price in advance at the beginning of each month.

Fund Management charges:

The Fund Management charges will be priced in the unit price of each Fund on a daily basis.

Policy administration charge:

A monthly Policy administration charge will be deducted by cancelling units at the prevailing unit price in advance at the beginning of the month.

Switching charge:

Switching charge will be recovered by cancellation of units at the prevailing unit price

Service Tax Charge:

- The Service Tax Charge on Fund Management Charge will be priced in the unit price of each Fund on a daily basis.

- The Service Tax charge on allocation charge will be deducted from the premium along with the allocation charge.
- The Service Tax charge on Mortality Charge, Policy Administration charge, and Miscellaneous charges on STP option and Switching charge will be recovered by cancellation of units at the prevailing unit price

Charges Levied by the Government in Future:

In future the Company may decide to pass on any additional charges levied by the governmental or any statutory authority to the policyholder. Whenever the company decides to pass on the additional charges to the policy holder, the method of collection of these charges shall be informed to them.

Mortality charge, Policy Administration charge, Switching charge and Service tax on these charges will be recovered by cancellation of units at the prevailing unit price. In the event that units are held in more than one Fund, the cancellation of units will be effected in the same proportion as the value of units held in each Fund. In case the fund value in any fund goes down to the extent that it is not sufficient to support the proportionate monthly charges, then the same shall be deducted from the fund value of the other funds.

Revision in rate of charges

The revision in charges if any (except the service tax charge) will take place only after giving three months notice to the policyholders and after obtaining specific prior approval of the IRDA. The service tax charge will be revised as and when notified by the Government.

If the policyholder does not agree with the modified charges, he/she shall be allowed to withdraw the units in the plans at the then prevailing unit value after paying surrender charge if any and terminate the Policy.

The Company reserves the right to change the Fund Management charge. However, the maximum FMC on any fund will be 1.35% p a

The policy administrative charge is subject to revision at any time, but will not exceed Rs 80 per month.

The switching charge can be increased up to Rs. 500 per transaction.

The premium allocation charges, mortality charges and are guaranteed throughout the term of the policy. It is also guaranteed that there will not be any surrender charge or partial withdrawal charge.

How safe is your investment

Unit Linked Life Insurance products are different from the traditional insurance products and are subject to the risk factors.

1. The premiums paid in unit linked insurance policies are subject to investment risks associated with capital markets and NAVs of the units may go up or down based on the performance of the fund and factors influencing the capital markets and the policyholder is responsible for his/her decisions.
2. "Reliance Life Insurance Company Limited" is the name of the company and "Reliance Total Investment Series I Term 10 Plan - Insurance" is only the name of the policy and does not in any way indicate the quality of the policy, its future prospects or returns.
3. The names of the Fund Option(s) do not in any manner indicate the quality of the Fund Option(s) or their future prospects or returns. The Fund Option(s) do not offer any guarantee or assure any guaranteed return;
4. Investments in Units are subject to market and other risks. Investment risk in investment portfolio is borne by the Policyholder. There is no assurance that the objectives of the Fund Option shall be achieved;
5. The Unit Price of the Units may fluctuate depending on factors and forces affecting the capital markets and the level of interest rates prevailing in the market;
6. Past performance of the Fund Options is not indicative of future performance of any of those Funds.
7. All Benefits payable under this Policy are subject to tax laws and other fiscal enactments in effect from time to time.
8. The Company reserves the right to suspend the Allocation, reallocation, cancellation and/or Switching of Units under extraordinary circumstances such as extreme volatility of assets, extended suspension of trading on stock exchange, natural calamities, riots and other similar events or force majeure circumstances.

Tax Benefit

As per current tax rules premiums paid are eligible for tax deduction under Section 80C of the Income Tax Act, 1961 (The Act). Maturity and withdrawal benefits are tax free under Section 10 (10D) provided the premium in any years during the term of the Policy does not exceed 20% of the Sum Assured.

Service tax and education cess will be charged extra as per applicable rates.

Please note that all benefits payable under the policy are subject to tax laws and other financial enactments as they may exist from time to time. You are recommended to consult your tax advisor.

General Exclusion

Suicide Claim provisions:

If the Life Assured, whether sane or insane, commits suicide within 12 months from the date of commencement of this Policy, the Company will limit the death benefit to the Fund value and will not pay any insured benefit.

Foreclosure of the Policy

If at any point of time the fund value is less than the mortality and policy administration charge for the next month, the policy will be foreclosed by paying the fund value.

15 day Free look period

In case the Policy Holder disagrees with any of the terms and conditions of the policy, he/she may return the policy to the Company within 15 days of its receipt for cancellation, stating his/her objections in which case the company will refund an amount equal to the non allocated premium Plus the charges levied by Cancellation of units plus fund value as on the date of receipt of the request in writing for cancellation, less the proportionate premium for the period the company has been on risk and the expanses incurred by the company on medical examination and stamp duty charges.

Prohibition of Rebate: Section 41 of the Insurance Act, 1938 states:

- 1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the

Policy, nor shall any person taking out or renewing or continuing a Policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.

- 2) Any person making default in complying with the provisions of this section shall be punishable with a fine which may extend to five hundred rupees.

Section 45: Policy not to be called in question on ground of mis-statement after two years

- 1) No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected be called in question by an insurer on the ground that statement made in the proposal or in any report of a medical officer, or referee, or friend of the insured, or in any other document leading to the issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the policy-holder and that the policy-holder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose:
- 2) Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

Reliance Life Insurance is a licensed life insurance company registered with Insurance Regulatory & Development Authority (IRDA) Registration No. 121.
